

# A-57130-14

HAFNER

(HU) Dugaszolható könyök összekötő - fém kivitel

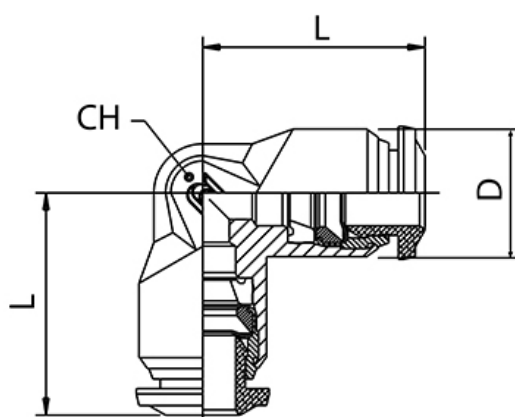

## Technical data

|                                       |                                      |
|---------------------------------------|--------------------------------------|
| <b>Material</b>                       | Nickel-plated brass                  |
| <b>Medium</b>                         | Compressed air, vacuum, water, steam |
| <b>Material seals</b>                 | NBR                                  |
| <b>Temperature range</b>              | -20°C...+80°C                        |
| <b>Operating pressure</b>             | -0,9...20 bar                        |
| <b>Kivitel</b>                        | összekötő                            |
| <b>Material retaining ring</b>        | Nickel-plated brass                  |
| <b>Material support ring</b>          | Technopolymer                        |
| <b>Pressure range</b>                 | -0,9...20 bar                        |
| <b>Port size   Push-in connection</b> | Ø14                                  |
| <b>Port size</b>                      | Ø14                                  |
| <b>Material body</b>                  | Nickel-plated brass                  |
| <b>Material release ring</b>          | Technopolymer                        |
| <b>Rögzítő karom anyaga</b>           | Stainless steel                      |
